On Thursday, March 10, 2011, prior to the start of Summer/Fall 2011 registration, the University of South Florida System activated DegreeWorks, its new Degree Auditing and Advising System. This system replaces the SASS Degree Audit and Advising System. DegreeWorks will provide you an easy-to-use web-based tool to help you understand the requirements needed to complete your undergraduate degree. The graphical interface that displays your individual audit will advise and counsel you on the requirements to reach graduation. DegreeWorks introduces several new features that are expected to benefit you with course selection:

- Provides an integrated advising and registration interface that is more intuitive and maximizes access to courses required for graduation.
- Makes registration more intuitive by linking unmet degree requirements in your academic plan to the online Schedule Search and course descriptions
- Displays helpful information to encourage you to be more selective and reduce excess credits
- Allows you to monitor or track your academic progress
- Promotes timely, efficient completion of courses required for your major/program

If you encounter problems with generating your DegreeWorks audit, contact the IT-Helpdesk at 974-1222 or help@usf.edu. If you have questions about your audit, contact your college advising office.

## Regional Campus Hours

- Contact the individual Campus for hours of service. (Phone numbers are on page 9-10)

Refer to the matrix below for additional information regarding the different student categories

### Continuing Degree-Seeking Students

An admitted student in a USF degree seeking program at the same degree level as last admitted, e.g. undergraduate/graduate level, whose last enrollment at USF was within 12 months of this term of registration. All USF students register via OASIS. Degree seeking students should register by the last business day before classes begin each semester in order to avoid a $100 late registration fee.

### New Degree-Seeking Graduate Students

A student who has applied for admission to a USF masters, specialists or doctoral program and received an Official Acceptance Notice for entry in this registration term should contact the college/department for more information. Some colleges/departments require an orientation or academic advising prior to registration. All USF students register via OASIS. Degree seeking students should register by the last business day before classes begin each semester in order to avoid a $100 late registration fee.

### International Students

Any student who is NOT a United States Citizen, Permanent Resident Alien (Green Card Holder), Asylee or Refugee.
Continuing and New Non-Degree Seeking Students

A student who has applied or attended USF as a non-degree seeker to take courses while not pursuing a USF degree. Continuing non-degree students register according to the registration appointment time visible when they sign in to OA-SIS. New non-degree seeking students will be issued a registration appointment time in the event the application is made at least one week prior to the start of the term of choice.

All non-degree students should register before the fifth day of classes each semester in order to avoid a $100 late registration fee.

Graduate Certificate Seeking Students

A student who has applied for admission to a USF Graduate Certificate Program and received an official acceptance letter for entry in this registration term should contact the academic College or department for further information. Graduate certificate seekers may either be non-degree or degree-seeking USF students. Non-degree graduate certificate seeking students may also be eligible for early registration along with degree-seeking graduate students; however, eligibility is dependent on how far in advance of the start of the semester admission to Graduate Certificate Program is granted. All graduate certificate seeking students require advising, and, in many cases, electronic course permits prior to registration. Non-degree graduate certificate students, both resident and non-resident, who are pursuing fully on-line Graduate Certificates must register for a specific course section. Graduate Certificate students should register by the fifth day of classes each semester in order to avoid a $100 late registration fee.

State Employee Students

A degree-seeking or non-degree seeking USF student who is employed by the State of Florida and who has secured all required employer approvals on the State Employee Tuition Waiver Form. State employee students, each semester, must register only on or after 5 p.m. two business days before the first day of classes, usually the preceding Thursday before classes begin on a Monday. Any State Employee who registers at any time before the approved State Staff Registration Date, two business days before the first day of classes, may NOT use the State Employee Tuition Waiver and will be held fully liable for all USF tuition and fees.

Non-Degree Student Registration

Students who have not been admitted to a USF degree program may register on a space available basis as non-degree seeking. Non-degree seeking students cannot register for College of Business courses until noon on the last day of drop and add. The non-degree seeking student status has been established for those individuals who, while not intending to earn a degree, would like to take University courses. USF welcomes teachers needing to take courses for certification purposes, high school students (with permission from their respective guidance counselors), individuals interested in taking courses for self-enrichment and students who plan to make formal application to the University.

Applicants denied admission to the University of South Florida as degree-seeking undergraduates may not enroll as non-degree seeking students. For further details, see the USF Undergraduate Catalog.

How do I apply as a non-degree seeking student?

Submit a $30 non-refundable application processing fee via the Online Non-Degree Student Application at www.registrar.usf.edu.

Proof of Immunization Requirement

As a prerequisite to matriculation or registration, students born after 1956 must present proof of immunity to Measles (Rubeola) and German Measles (Rubella). All students must provide proof of Hepatitis B immunity and Meningitis vaccination or decline in writing the receipt of those vaccines. Students wishing to reside in on-campus housing must provide evidence of Meningitis vaccination. The mandatory Immunization Health History Form is available at: www.shs.usf.edu and is required for providing the University with proof of immunization or declination.
Proof of Medical History Requirement

A signed Medical History/Immunization form is required for all students regardless of age. For further details, see Medical History Requirements on page 28.

Proof of Residency Requirement

Non-degree seeking students who have never been enrolled at USF or whose previous enrollment was more than 12 months ago must submit proof of Florida residency in order to be classified as In-State for fee payment. For details, see Florida Residency on page 25.

How do I register and pay for classes?

Non-degree seeking students who have been cleared to register are eligible to register using OASIS, USF’s Online Access Student Information System. For detailed information about registering using OASIS see page 11. For fee and payment information, see Fee and Financial Information on page 19. Regional Campus non-degree seeking students can also register on-site at regional campuses. See the Regional Campus Registration section on page 13 for dates and locations.

For additional information

About requirements, benefits and services for non-degree seeking students, visit the Registrar's Web site at www.registrar.usf.edu and view the Guide for Non-Degree Seeking Students.

Senior Citizen Registration

Senior Citizen Audit Program

Effective Fall Semester 2006, The University of South Florida has eliminated on-site registration for the Senior Citizen Audit Program. The following instructions will assist you in the registration process.

Persons 60 years of age or older, who can validate that they have been Florida residents for at least one year as of the first day of classes, may enroll tuition free as audit students. Registration is on a space-available basis and in some instances requires departmental approval. Students do not need to attend registration, as course requests are processed within the Registrar’s Office.

Download the Registration Form from: http://www.registrar.usf.edu/.

The Senior Citizen Student must complete and mail or fax the completed form to The Office of The Registrar by the 5th day of the semester. Fax number is: (813) 974-5271. The Registrar's Office will process registration forms by 5:00 PM on the 6th day of the semester. Students do not need to be present as forms are processed automatically.

Registration forms submitted prior to the 6th day of the semester will be held until the registration date.

No registration will be processed on the Tampa Campus after the 6th day of the term.

A printed copy of the registration schedule will be mailed to the student. The student may also verify enrollment on OASIS http://usfonline.admin.usf.edu/.

The Senior Citizen Tuition Waiver covers a maximum of nine credit hours per term and is applicable only if the student registers for these courses during the designated registration period. Due to the non-degree seeking status, academic credit is not awarded, examinations are not required and grades are not assigned. A parking permit from Parking Services is required.

Senior Audit Registration Eligibility

Eligibility

Age 60 or older prior to the first day of the term.

Florida resident for tuition purposes. A person who has established and maintained residency in Florida for the previous twelve months.
Residency

Florida Residency for In-State Tuition Status

To qualify for in-state tuition, you must be a U.S. citizen, Permanent Resident Alien (with “green card”) or a legal alien granted indefinite stay by the immigration and Naturalization Services (INS).

You must have established a primary residency in Florida and have maintained a physical presence in Florida for at least 12 months prior to the first day of classes and provide proper supporting documents.

You must provide the following, as proof of Florida Residency:

Frequently Asked Questions

What is my Login ID?
The NetID is your user ID at the University. Students, faculty, and staff are automatically eligible to obtain a NetID. With its associated password, the NetID allows you access to a variety of online services offered at the entire University system.

I forgot my USF NetID Password.
The option to reset your NetID Password is located on the OASIS Login page.

How do I change my Net ID and Password?
To change your Net ID and password via the web, enter OASIS with your old Net ID and password, click on the Personal Information Menu, then click Change Net ID and password.

How do I reset my Net ID and Password if I’ve forgotten it?
The NetID is your user ID at the University. Students, alumni, faculty, and staff are automatically eligible to obtain a NetID. With its associated password, the NetID allows you access to a variety of online services offered at the entire University system. A tutorial explaining NetId and how to activate your NetID or reset your Net ID password is at: http://usfweb2.usf.edu/human-resources/Talent-Management/onlinetrng/IT/USFNetID.htm.

What is a course reference number (CRN)?
The reference number is a five-digit identifier unique to each course section that changes each term. The correct reference number for each course section you request is critical to the registration process. Be mindful of campus and class meeting days, times and locations.

How do I find my registration appointment time?
Appointment times are assigned by total number of hours completed and other criteria. Current term credit hours are excluded. You can register any time on or after your scheduled appointment time. To find your individual appointment time via web, login to OASIS and click on the Registration Menu, then click on Check Your Registration Status.

What is an Administrative Hold?
If you have an obligation to a University office, you may have an “Administrative Hold” placed on your registration.

In order to register, you must satisfy these obligations and secure clearance from the office(s) placing the hold(s). To view your holds on the web, enter OASIS and click on the Registration Menu, then click on Check Your Registration Status.

How do I know if new course sections are available if the one I want is closed or cancelled?
Use the online Schedule Search by clicking on the Class Schedule link on the main OASIS Home page’s Secured Access Menu.

How do I register/add or drop linked courses?
A link is made up of two corresponding course sections, such as a lecture and related lab. Linked course sections must be taken in the same term. Linked course sections are identified in the Schedule of Classes by a comment under the course section information line. Information needed to identify a corresponding course section in the link is included on that line.

To add/drop a linked course using the Web, enter both reference numbers into the registration worksheet on the add/drop
page at the same time, then click the Submit Changes button. Do not attempt to add or drop any course sections in be-
 tween linked course sections.

To “swap” course sections in a link via Web, enter OASIS and select the Registration Menu. Select Add/Drop Courses,
click on the Action button next to the reference number of the section you wish to drop, enter the reference number in the
worksheet that you wish to add in its place, then click the Submit Changes button.

How do I get a listing of my courses?

If you have a printer at home, you may log in to OASIS, click on the Registration Menu then print either your Student De-
tail Schedule or your Schedule by Day and Time.

What is a permit and how do I get one?

Many college/department courses require students to meet specific eligibility criteria or to secure individual permits from
them prior to registration. Courses requiring special permission — either individual permits or certain eligibility criteria —
are noted in the online Schedule Search. Permits are secured from the college/department offering the course and are
issued electronically (behind the scenes) to affect your individual permission granted to register upon satisfying college/
departmental criteria for eligibility to take their course. Permits are either for a specific course section or for any section of
a particular course, providing space is available.

Some courses require specific eligibility criteria, such as student status or test scores. Criteria includes student standing
(freshman, junior, etc.), declared major and/or college, scores on placement or admission tests, admission to a Graduate
Certificate, the Honors College or admission to doctoral candidacy.

When your USF computerized record matches the status/test score criteria, you are automatically eligible to register for
the course. If you do not meet the eligibility criteria, you may request an electronic override from the college/department. If
your request is granted, you may register via OASIS, providing space is available.

You can view permits or overrides that you’ve been given using OASIS. Enter OASIS, click on Registration Menu, then
select View My Registration Status.

How do I drop a class?

To drop classes, log in to OASIS and click on the Registration Menu, then select Registration/Add/Drop Classes. Click the
Action pull-down menu next to the reference number of the c ourse you wish to drop, select drop, then click Submit
Changes.

What is the difference between dropping and withdrawing?

If you wish to drop ALL your courses for a semester, you should withdraw rather than drop. If you are only registered for
one course and wish to drop it, you must withdraw. Please note Repayment Policy on withdrawals on page 27.

How do I withdraw from the University for a semester?

If you wish to withdraw from all your courses for a semester, you must execute a Withdrawal Application form available for
download through the Office of the Registrar.

What is a repeat surcharge?

A repeat surcharge may be applied toward a course that you register for a third time. See the Fee and Financial Informa-
tion section on page 20 for policy details.

How do I get a printout of my schedule?

If you cannot print your own screen print from OASIS, you may also bring a photo ID to the Registrar’s Office (SVC1034
on the Tampa Campus) or to the Records and Registration Office of any Regional Campus to request a printout of your
schedule.

How do I find what tuition and fees I owe?

Tuition is due by the fifth day of the term. Schedule/Fee Statements are not mailed to students. To confirm the total
amount of tuition due, log in to OASIS, click on Registration Menu, then select Account Summary by Term. Please note
that once you have paid your fees, your fee amount shown on the Web will reflect your payment, i.e. if you have paid the
entire amount, you will see that $0.00 is due.

How do I pay for my classes?

To avoid the $100 late payment and the $100 Late Registration Fee you should pay by the fifth day of classes.
Payments by check should include the student’s U number in the memo line and should be mailed to:
Tuition/University of South Florida
PO Box 864571
Additional information regarding fees, including office hours and locations for in-person payment can be found at: http://usfweb.usf.edu/controller/studentpayments.

**How can I avoid a $100 late registration fee?**
Register by OASIS BEFORE Late Registration also known as Drop/Add week, i.e. the first week of classes. If you are a degree-seeking student and you register for your first class during this period, you will be assessed a $100 late registration fee. Also, all students who successfully petitions for late registration into a course or for reinstatement from financial cancellation due to non-payment, will be assessed a $100 late registration fee.

**I am taking an online course. What will I need?**
You will need a USF Net ID, which requires obtaining a USFCard photo ID prior to the start of classes. Please see http://www.it.usf.edu/services/usfcard, then go to https://my.usf.edu/webapps/portal/frameset.jsp to complete this process by mail (USFCard) and online (NetID).

**What are prerequisites?**
Prerequisites are courses or test scores recorded as satisfactorily completed to indicate you are academically prepared to comprehend and complete subsequent course materials. When registering for a future term, OASIS may allow you to add subsequent courses, while currently enrolled in their prerequisites. However, if your completion of those prerequisites is not recorded as satisfactory, you will be dropped prior to the start of that future term.

**What is an Admissions deposit?**
Admitted first-time in college (FTIC) students are required to pay a $200 non-refundable deposit to secure your place in the entering freshman class. The admissions deposit will be applied toward your first semester’s tuition once you are registered for classes. Pay by credit card after you sign in to OASIS when you are certain you wish to enroll at USF and remember this is a non-refundable fee.

Graduate Certificate in Cuban Studies (CS)

The University of South Florida offers students the world as their classroom through its programs abroad. Whether a student chooses a short-term summer program, a semester or year spent at a university overseas, there is a program for nearly every student need. Studying abroad provides a unique learning environment which extends and enhances courses taken on the home campus. After their first semester, students can study abroad at any time in their academic careers.

USF overseas programs are designed to appeal to a wide audience. Students in most disciplines can find a program of study in which to earn credits toward their undergraduate degrees. Graduate students will also find programs abroad that are designed to supplement their degree programs. Students seeking to round out their resumes can choose among internships, service learning and a variety of field experiences available overseas.

Most programs include organized cultural excursions and visits to important sites. All programs of study include unparallelled opportunities for cultural immersion and in-depth insight into the host country.

USF short-term study abroad programs may be one week (over Spring Break or Summer Intersession) introductory experiences. Typically, summer programs are of 3-6 weeks duration. These programs allow the student to concentrate study abroad in a summer session and fulfill the 9-hour summer enrollment requirement or meet other exit requirements.

Semester study abroad through USF offers students a more in-depth experience and a wide variety of academic courses for a semester or full academic year. Courses taken abroad will allow students to make progress toward fulfilling USF degree requirements.

All USF programs are developed to be as cost-effective as possible. Federal and state financial aid may be available for USF programs abroad. Students should contact the Study Abroad Office for additional information regarding financial aid for studying abroad. Additional scholarship assistance may be applied for through the Study Abroad Office.

For more information or to obtain individual program brochures, please visit the Study Abroad Office in Cooper Hall 468, or visit http://global.usf.edu/studyabroad. You can also contact the Study Abroad Office by e-mail at study-abroad@iac.usf.edu or by telephone at (813) 974-4314.

Students Using State Waivers

A degree-seeking or non-degree seeking student who is employed by the State of Florida and who has secured all required employer approvals on the State Employee Tuition Waiver Form must register on or after the time specified on the Academic Calendar on pages 3-6. The State Employee Tuition Waiver covers a maximum of 6 credit hours (excluding selected directed individual study or research, internship practicum, music & theatre performance, Co-operative education, PACE, lifelong learning, continuing education and correspondence courses) and is applicable only if the student registers for these credits during published registration periods. A state employee who registers at any time other than the approved State Registration Dates may NOT use the State Waiver and will be liable for these fees. Waiver forms must be completed and returned to Purchasing and Financial Services office (ADM125) by the fee payment deadline to avoid the $100 Late Payment Fee. USF employee Tuition Program

The USF Employee Tuition Program authorizes full-time USF employees (except OPS) to enroll in USF credit courses, up to six credit hours per semester. Refer to the following Web site for specifics: http://usfweb2.usf.edu/usfpers/procedures/edasst/tuition.htm

State Employee Fee Waivers: Tax Status

Internal Revenue Code (IRC) Section 117(d) allows tuition waivers provided to employees of universities in the Florida State University System, for education below the graduate level, to be excluded from an employee’s taxable income without dollar limit. There is an exception for graduate students employed as teaching and research assistants to exclude the value of graduate tuition waived from the taxable income. State of Florida employees who are not employed by the university system will earn taxable income equal to the value of tuition waived for both undergraduate and graduate level courses.

A taxable fee waiver is subject to Federal Income Tax, Social Security and Medicare taxes (FICA). Since tuition rates for Florida residents are lower than rates for non-residents, it is important for all state employees utilizing State Fee Waivers to verify their residency status is correct with the Office of the Registrar. The taxable value of tuition is reported to the Department of Financial Services, Bureau of State Payrolls, each term by the Division of Human Resources do that all appropriate taxes are withheld. Some state agencies may allow exclusion from taxable income under IRC Section 132(d) ‘working condition fringe benefit’ rules. Any individuals wishing to claim tax exclusion for courses reported to the Bureau of State Payrolls by the University should work through their Human Resource/Personnel Office to file necessary paperwork with the Bureau.

We have been advised that agencies with individuals claiming a tax exclusion to the courses waived will be given an opportunity to make this claim with the Bureau of State Payrolls before taxable values are included with the employee’s earnings. Any questions regarding this matter should be directed to the Payroll Manager at (813) 974-8062.

**Collection of Accounts Past Due**

Charges against students for loss or breakage of University equipment, books, fines or other charges are due immediately. Delinquent tuition may be considered sufficient cause for cancellation of registration. Refund Policy

1. Refund for Non-Exceptional Circumstances

One-hundred percent (100%) of tuition and fees will be refunded if, within six (6) months of the end of the semester to which the refund is applicable, a student who has withdrawn or dropped a course completes and files with the Registrar’s office a Fee Adjustment Request Form (http://www.registrar.usf.edu/forms/0407FeeAdjust2007-04-26_14_27_41.doc) citing circumstances outside of the student’s control which are confirmed and approved by the Registrar. Circumstances to be considered within this six month period include:

- Illness of a student of such severity or duration, as confirmed in writing by a physician, to preclude completion of the course(s),
- Death of the student or death in the immediate family (parent, spouse, child or sibling),
- Involuntary and voluntary call to active military duty Call to or enlistment in active University error. A situation in which the University is in error
- Other exceptional circumstances beyond the control of the student which precluded completion of the course(s) accompanied by letter of explanation and appropriate documentation.

Special requests for an extension of the six (6) month deadline must include specific facts indicating special circumstances which (1) were beyond the control of the student, (2) clearly impaired the student’s physical or mental ability to correct their academic/financial record at the University and (3) are supported by written explanation and verifiable documentation.

A. Refund Policy: A student who receives financial aid and then withdraws or drops courses which result in a refund will not have all financial aid grants, scholarships and student loans reimbursed by any refund until those programs are paid in full. This does not included private loans. For more information, go to www.usf.edu/finaid/REFUND.html.

B. Official and Unofficial Withdrawal Repayments: If You totally withdraw or stop attending all classes before completing more than 60 percent of the term, a portion of the total federal aid you received, excluding Federal Work Study earnings, may need to be repaid immediately. For more information, go to www.usf.edu/finaid/REFUND.html.

Intern Certificate of Participation

Individuals who have supervised interns may register for courses during a term by presenting their Intern Certificate of Participation. The Intern Participation Certificate, effective July 1, 1997, states that certificate holders are entitled to a waiver of only matriculation fees for a maximum of six credit hours of instruction during a single term. Certificates are valid for three years from the date of issuance. Fees must be paid or postmarked by the U.S. Post Office (not office meter marked) by semester due date. The University cannot be responsible for lost or misdirected U.S. Postal mail.

Repeat Hour Surcharges

Initiated by the Florida Legislature (H.B. 1545 of 1997) to reduce costs, all state universities must monitor and charge undergraduate students the full cost of instruction for certain repeats of undergraduate courses. In some instances when students attempt a course the third time, USF is required to bill students extra. Under current tuition rates, the third attempt will cost approximately $179.88 per credit hour, in addition to the tuition and fees normally paid. This amount is set by the Board of Trustees and varies according to the particular school year. If we err in posting such a surcharge, the same evidentiary standards and policies that govern refunded tuition govern refunds of a repeat surcharge.

Repeat Course Surcharge Waivers

Effective Fall 2000, the University of South Florida in accordance with state of Florida statute 240.124, F.S., will grant exceptions to students who appeal the repeat course surcharge. However, the University of South Florida may only approve
one appeal per course. The exceptions included in the Statute are extenuating circumstances and financial hardship and are defined as follows: Extenuating circumstances are those circumstances determined by the University to be exceptional and beyond the control of the student and may include but not be limited to: serious illness, documented medical condition preventing completion, death of an immediate family member, involuntary call to active duty, university error or other emergency circumstances or extraordinary situations.

The criteria used by the Universities for determining financial hardship should include, but not be limited to: qualification for federal need-based financial aid. Students with other documented financial hardships may also be considered. The student must fill out a Fee Adjustment Request Form and indicate the request is for a waiver of the repeat course surcharge. They must also submit a statement that explains their request and all documentation relating to it. The form should then be submitted to the Office of the Registrar for consideration. If a student’s request is denied, they may appeal the decision to the Office of the Dean of Undergraduate Studies.

Exception to Repeat Surcharges

Chancellor’s Memorandum provides authority for universities to develop and implement procedures to handle petitions from students who wish to appeal the repeat course charge. The Office of the Registrar will review documentary evidence provided by students to determine if exceptions can be granted for extenuating circumstances or financial hardship. Students may appeal the decision to the Dean of Undergraduate Studies.

Academic and General Information

Audit Policy

Students may register or add courses for audit (no credit or grade earned) only during the first five days of classes in the term (On-Site Only — SVC1034 or Regional campus Records & Registration Office). Students are required to get an Audit Form and a date-stamped permit from the college/department on the campus where the course is being offered. In-state fees are assessed for all audit courses.

Campus Security Policy and Crime Statistics

The Campus Security Policy and Campus Crime Statistics are printed in the USF Student Handbook, included in orientation materials given to new students and employees, published twice a year in the Inside USF paper and made available annually in the USF Student Newspaper, The Oracle. Copies of the Campus Security Policy and Crime Statistics are available from the Crime Prevention Office, University Police Department, University of South Florida, 4202 E. Fowler Ave., UPB 002, Tampa, FL 33620-8750, or by calling (813) 974-2628.

Cancellation of Registration

If the University should cancel a student’s registration for academic, financial or other reasons, he/she will not be enrolled for any class or receive credit for any work accomplished during the term. See the Academic Calendar for the reinstatement deadline. Reinstatements of Registration must either be paid in cash, by certified check or money order in the Cashier’s Office during regularly scheduled hours. There will be no reinstatements after the reinstatement deadline. If you use the VA or Financial Aid student deferment, your registration may not be cancelled.

CLAS — College Level Academic Skills

The College Level Academic Skills (CLAS) requirement is a part of Florida’s system of educational accountability. CLAS is a state-mandated achievement that measures attainment of communication and mathematics skills expected of students completing their sophomore year in college. These skills were identified by the faculties of community colleges and state universities and adopted by the State Board of Education. A student must meet CLAS requirements or achieve alternate criteria to receive an Associate in Arts or a baccalaureate degree from any Florida public institution.

Students should review CLAS exemptions at http://www.ugs.usf.edu/student/clast/index.htm and see their academic advisor if they do not meet CLAS requirements by achieving specific EACT or SAT-I scores, or by earning a 2.5 GPA in specific courses. Exemptions are awarded for the communication requirement of CLAS if an SAT-I Verbal score of 500 or an EACT English score of 21 and an EACT Reading score of 22 are achieved. Exemptions are awarded for the mathematics CLAS requirement if an SAT-I Mathematics score of 500 or an EACT Mathematics score of 21 is earned. Students receive exemptions from the CLAS communication requirement if a 2.5 GPA is achieved in at least six hours of ENC 1101 and ENC 1102. Exemptions from the CLAS mathematics requirement are issued when students have earned a 2.5 GPA in at least six hours of MAC 1105 or higher, MGF 1106 or higher and STA 1022 or higher. Any combination of these courses is permissible, providing only one statistics course is used to calculate the six-hour mathematics GPA.
Course Time Conflict Approval

USF does not permit students to register for courses with conflicting or overlapping meeting times. Students who want an exception to this policy may secure a Computerized Time Conflict Approval from the college(s) offering the course(s) and are required to register for each time conflict.

Enrollment Certification

Practice and Policy: A self-addressed stamped envelope, or a pre-paid mailer addressed to a third party, must accompany any request for enrollment certification if a student needs USF to mail it. If no pre-paid envelope is provided, the completed certification will be held at the office where the request was submitted for 30 days for pick-up. Certifications not picked up after the 30 days will be destroyed.

The University Registrar’s Office begins the enrollment certification process the second week of the term, after schedules have been finalized and fees paid. The Registrar’s Office will not accept requests for enrollment certification until the first week of classes. We certify enrollment in the order requests are received.

Electronic Reporting:

For your information, lenders for guaranteed student loans have access to the National Student Loan Data Center’s web site, and USF reports enrollment there electronically at least six times each year; in September, November, January, March, May, and July. Ad hoc electronic reports are sent as necessary. All currently enrolled USF students with active guaranteed student loans are included in each confirmation report submitted.

The University Registrar’s Office is also responsible for certifying Florida public school teachers requesting reimbursement for academic completion in areas of critical teacher shortages enrollment, tuition and grade information. Teachers may access student financial aid program information at www.floridastudentfinancialaid.org/SSFAD/home/PostSecondaryInstitutions.htm, and the Registrar’s Office executes our administrative responsibilities online there as well.

**Final Exam Policy (Fall and Spring terms)**

In accordance with the University Policy 10-005, Testing and Final Examination, the last six days of the Fall and Spring semesters shall be set aside for final examinations, and any comprehensive final examination **must** be given during this designated period. If a segment examination is given in lieu of a comprehensive examination, the segment examination **must** be given in the period designated during the final examination week. The period of two hours shall be allotted for each final examination. If a student has direct conflict of scheduled examinations or has three or more examinations scheduled on the same day, the student may petition the appropriate instructor to reschedule one of the student’s examinations. The “appropriate instructor” in case of examination time conflicts shall be determined by the following:

1. Common finals have priority over non-common finals. When two common finals conflict, the higher numbered course takes priority.

2. Examinations for graduate level courses have priority over examinations for undergraduate level courses.

3. Within the level of the courses, undergraduate or graduate, examinations for numerically higher numbered courses have a priority over lower numbered courses.
   
   Example: A course numbered 7283 has priority over a course numbered 6924, and a course numbered 4334 has priority over a course numbered 4282.

4. If after applying items 1 through 3, there remains a conflict, priority shall be given to the course with the prefix closest to the beginning of the alphabet.
   
   Example: ART 4901 would have priority over BIO 4901.

5. The instructor of the course not receiving priority shall provide for a make-up exam either in accordance with the designated make-up exam periods or at a mutually acceptable time for both the instructor and the student during the exam period.

**Florida Residency**

**Proof required for Assessment of In-State Registration Fees**

All new degree-seeking and non-degree seeking students whose previous enrollment was more than 12 months ago must present acceptable proof of legal Florida residency at the time of registration in order to be assessed in-state tuition and fees. Students who do not have acceptable proof of legal Florida residency will be assessed out-of-state tuition and fees. Senior citizens using the Senior Citizen Tuition Waiver are eligible to register only with proof of Florida Residency. New degree-seeking students and former USF degree-seeking students returning must present proof of legal Florida residency at the time of application for admission/readmission.

Continuing students who meet eligibility requirements for a change of residency classification may print out the Request for Change of Residency Form and instructions at www.registrar.usf.edu/residency. For consideration, the completed form and supporting documents must be submitted prior to the fifth day of classes in the term for which the change is requested.

Florida Residency for Tuition Purposes, Florida School Code (SB 20-E) Section 1009.21 requires that a U.S. Citizen/Permanent Resident Alien Student or a dependent student’s parent/legal guardian has established and maintained a legal Florida residence for at least 12 months before the first day of classes of the term for which Florida status is sought.

The University of South Florida is required to obtain documentation of 12 months of legal residence before a student is classified as a resident for tuition purposes. The following is acceptable, non-conclusive evidence for the establishment of a legal residence in Florida. At least two such documents must be dated/issued at least 12 months prior to the first day of class in the term for which Florida residency is sought (no single document shall be conclusive).

1. Purchase of a permanent home in Florida
2. Declaration of Domicile
3. Florida Driver’s License
4. Florida Voter’s Registration
5. Florida Vehicle Registration
6. Florida Vehicle Title  
7. Professional/Occupational License in Florida  
8. Florida incorporation or other evidence of legal residence in Florida.  

Please Note: Rent receipts, lease, tax returns, school/college records are not evidence of establishing a legal Florida residence. In rare cases, the law allows some students (e.g. military, public school teachers) who do not meet the basic requirement to be classified as Florida residents for tuition purposes.

For more information about exception categories, please contact either the Office of Undergraduate or Graduate Admissions (for new students) or the Office of the Registrar (for continuing students or non-degree seeking).

Graduation Application

In order to graduate, a student must submit an application for the degree to the College Advising Office or Associate of Arts certificate to the Transitional Advising Center Office. The application must be submitted in the term of expected graduation by the deadline noted in the Registrar’s Calendar on pages 3-6. Please contact your college advising office in order to complete an application for degree. Note: For additional information please refer to the cover sheet on the application for degree.

Students who wish to participate in the commencement ceremony must visit http://www.usf.edu/commencement for information and to register for the ceremony at the location desired. Visit www.registrar.usf.edu or see the Academic Policies and Procedures in the University Graduate or Undergraduate Catalog.

Mandatory First-Day Attendance Policy

To avoid fee liability and academic penalty, students are responsible for ensuring that they have dropped or been dropped from all undesired courses by the end of the 5th day of classes.

The University of South Florida has a policy which requires all students enrolled in undergraduate courses to attend the first class. This policy applies to students who have registered in undergraduate courses (1000-5999 level) prior to the first day of the term and whose names are printed on the first class roll.

NOTE: Course(s) will not be added to your individual schedule for first-day attendance. It is the responsibility of each student to register for course(s) using OASIS. While faculty may drop students not attending the first day of class in a course, it is the student’s responsibility to make sure they are dropped before the end of the fifth day of classes to avoid fee liability and academic penalty.

If a student is in doubt regarding his/her class status, it is his or her responsibility to communicate with the instructor or department to see whether there is still space in the class. Students who have extenuating circumstances beyond their control that prevent them from attending the first class meeting must notify the instructor or the department prior to the first class meeting to request waiver of the attendance requirement. This policy is not applicable to courses in the following categories: Bachelor of Independent Studies (BIS), Off-Campus courses, Distance Learning courses, FEEDS Program, Community Initiative Program, Cooperative Education Training, and courses that do not have regularly scheduled meeting days and times, for example, directed reading or study, individual research, thesis, dissertation, internship, practicums, etc. (Students are responsible for dropping undesired courses in these categories by the fifth day of classes to avoid fee liability and academic penalty.) This policy has been put into effect so that USF may effectively utilize classroom space and to insure that all students have maximum opportunity to enroll in classes where demand exceeds availability of seats.

Overload Approval

Students who wish to register for more than 18 term hours during the Fall or Spring terms or 14 hours during the Summer term (any combination of Sessions A, B and/or C) must secure a computerized approval from the appropriate dean or authorized college representative. Students who have not yet declared a major may secure this computerized approval from the Center for Academic Advising.

Privacy Act

Pursuant to the provisions of the Family Education Rights and Privacy Act (FERPA 30 USD Par. 1232g), 34 CFR Par. 99.1 et seq. Florida Statutes Sub. Par. 228.093 and 240.237, and USF Rule 6C4-2.0021, Florida Administrative Code, students have the right to:

1. Inspect and review their education records.

2. Privacy in their education records.
3. Challenge the accuracy of their education records.

4. Report violations of FERPA to the FERPA Office, Department of Education, 400 Madison Avenue, S.W., Washington D.C., 20202 and/or bring actions in Florida Circuit Court for violations of Rule 6C4-2.0021, Florida Administrative Code.

Release of Student Information

Pursuant to requirements of the Family Education Rights and Privacy Act (FERPA), the following types of information, designated by law as “directory information” may be released via official media of USF (according to USF policy): Student name, local and permanent addresses, telephone listing, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degree and awards received, full/part-time status, the most recent previous education agency or institution attended and other similar information. The University Directory, which is published annually, contains only the following information: Student name, local and permanent addresses, telephone listing, classification and major field of study.

However, the Directory and other listings of “directory information” are circulated in the course of University business and, therefore, are accessible to the public, as well as to students, faculty and staff. Students must inform the USF Registrar’s Office in writing if they wish directory information to be withheld. Requests must be received within the first two weeks of the term and will remain in effect until the student has not been enrolled at USF for three consecutive terms. Notification to the University of refusal to permit release of “directory information” via the University Directory must be received by the end of the first week of classes in the term.

Student Right-to-Know

Metropolitan universities have a mission to serve the large number of people who live and work in the community but wish to attend the university on a part-time basis. Consequently, these students take longer to graduate than the traditional full-time student. Students attending USF have a unique opportunity to pursue internships, cooperative educational experiences or work concurrently while enrolled in classes.

Each student’s experience is unique to his/her educational, career and personal goals. Academic advisors, faculty and career counselors are available to assist students achieve their goals. Regularly scheduled appointments with academic advisors or departmental faculty members will aid in assisting students with achieving their educational goals.

Withdrawal Procedures

Students who wish to terminate registration in a term should withdraw from the term rather than attempt to drop all classes. Withdrawal deadlines for each term are listed in the Academic Calendar on pages 3-6. Students must complete a Withdrawal Form in the Office of the Registrar when dropping all course work.

The withdrawal procedure is:

1. Submit a Withdrawal Form to the Office of the Registrar at 4202 E. Fowler Ave. SVC1034, Tampa FL 33620 or fax to (813) 974-5271. Download the form the Registrar’s Office Home Page (www.registrar.usf.edu).

2. Submit the completed form to the Registrar’s Office by the dates listed in the Academic Calendar. Students who withdraw by the “Financial Liability Deadline”, which is the fifth day of the semester, will be relieved of fee liability and the courses for which they were registered will not show on their academic record. Students will be liable for tuition and will receive a “W” grade on their permanent record if withdrawn after the “Financial Liability Deadline” and before the “Academic Deadline”.
Zero Hours

A co-op student who is only enrolled in cooperative education courses must pay for 1 hour at his or her classification level.

Veterans Services

Department of Veterans Affairs (VA) Benefits — VA Certification

In order to receive VA educational benefits, students must request certification or re-certification and must report changes in enrollment status to the Veterans Services Office on the Tampa or St. Petersburg campuses (or the Veterans Coordinator on the Sarasota-Manatee or Student Services on the USF Polytechnic). Requests for VA advance checks should be submitted no later than six weeks prior to the first day of classes. VA educational benefits will only be awarded for credit courses that are required to complete the degree program that the student has declared to the Department of Veterans Affairs.

In compliance with VA requirements, USF must report official withdrawal dates from veteran students’ courses. VA students are not eligible for VA educational benefits for courses in which a W (withdrawal), a U, MU or an IU (unsatisfactory) are recorded, except when there are mitigating circumstances presented to the VA. The VA will not pay educational benefits to a student who is auditing a course.

Please inquire at the Veterans Services office when: enrolling in courses at other institutions (including HCC), changing majors, declaring a double major or two degrees, enrolling as a non-degree seeking or cooperative education student or concerning the grade forgiveness policy. For updated information, please contact Veterans Services at (813) 974-2291, e-mail vetserv@cchd.usf.edu or visit our Web site at usfweb2.usf.edu/vetserve.

VA Student Deferment of Tuition Fees

Eligible VA students can defer tuition/fees for up to 60 days from the first day of classes. The deadlines to apply for a deferment are listed in the Academic Calendar on pages 3-6. Deferments are available in the Office of Veterans Services: Tampa, SVC2127, or from the Veterans’ Coordinators on other USF campuses.

Medical Requirements

Mandatory Immunization Health History Form

A mandatory Immunization Health History Form is required for all students regardless of age. According to Florida Administrative Code Rule 6C-6.001(5), “Each student accepted for admission shall, prior to registration, submit on a form, provided by the institution, a medical history signed by the student.” New admits will be provided a Immunization Health History Form with their admissions letter. In order to register, this form must be completed, signed and returned to:

Student Health Services

Telephone: (813) 974-4056 Fax: (813) 974-5888

Health Insurance

For Student Health Services to provide optimal service to students, it is important that they have adequate health insurance. Student Insurance Office (SIO) with the assistance of the Insurance Committee has contracted a reliable health insurance company to provide students with an affordable student health insurance plan for sickness and accidental injury. SIO will assist students in understanding the student health insurance plan, and encourages all registered students who do not have health insurance to visit the office located in the SHS Annex. For additional information, please call (813) 974-5407 or email at insurance@shs.usf.edu. Hours are 8:30 a.m. to 5 p.m. The University of South Florida requires that all international students have medical insurance in order to register for classes at USF.
Immunization Proof Required

MEASLES AND RUBELLA

As a prerequisite to matriculation or registration, all students born after December 31, 1956 must present proof of immunity to Measles (Rubeola) and Rubella (German Measles). Any combination of two doses of measles and one dose of rubella within the following parameters will satisfy this requirement.

1. MMR – This combination vaccine is often given as a protection from Measles, Mumps, and Rubella. Two doses are required for entry into USF.
   A. One must have been received at 12 months of age or later and in 1971 or later. The second dose must have been received at least 28 days after the first dose.
   B. Immunity may also be verified by a copy of laboratory (serologic) tests known as titers (IgG rubeola titer and IgG rubella titer). The date of the laboratory tests should be noted in the box marked titer and a copy of the lab reports must be attached, OR

2. Measles (Rubeola) – Two doses are required for entry into USF.
   A. One must have been received at 12 months of age or later and in 1968 or later. The second dose must have been received at least 28 days after the first dose.
   B. Immunity may also be verified by a copy of laboratory (serologic) test known as a titer (lgG rubeola titer). The date of the laboratory test should be noted in the box marked titer and a copy of the lab report must be attached.
   C. Immunity may also be verified by a written, dated statement signed by a physician on his/her stationery that specifies the date seen and stating that the person has had an illness characterized by a generalized rash lasting three (3) or more days, a fever of 101°F Fahrenheit or greater, a cough, and conjunctivitis, and in the physician’s opinion is diagnosed to have had the 10 day measles (rubeola), AND

1. Rubella (German Measles) – One dose of Rubella is required for entry into USF given at age 12 months or later and in 1969 or later. Immunity may also be verified by a copy of laboratory (serologic) test known as a titer (lgG rubella titer). The date of the laboratory test should be noted in the box marked titer and a copy of the lab report must be attached.

MENINGITIS AND HEPATITIS B

1. ALL STUDENTS must read the following information about Hepatitis B and Meningitis and make a choice to receive the vaccines or decline receipt of the vaccines.

2. STUDENTS IN USF HOUSING must be vaccinated against Meningitis. No room will be assigned without evidence of vaccination.

MENINGITIS

1. Meningococcal meningitis is a rare, possibly life-threatening infection causing inflammation of the membranes surrounding the brain and spinal cord. The symptoms can include fever, severe headache, stiff neck, rash, nausea, vomiting, and profound fatigue (lethargy). The symptoms are severe and progress rapidly. This disease is spread by direct contact with infected individuals. It has been found that certain social aspects of college life appear to be risk factors in acquiring the infection. These practices include living and working in close proximity to each other, smoking and second hand smoke, excessive alcohol consumption and bar patronage.

2. The vaccine that is available will protect against four of the five strains of the disease and creates protective levels of antibodies in 90% of the adults studied. Protection lasts for at least 5 years. Side effects are mild and infrequent – usually just redness and swelling at the injection site for a day or two. More information about meningococcal meningitis is available through the following websites: http://www.cdc.gov/ncidod/dbmd/diseaseinfo/meningococcal_g.htm http://www.nlm.nih.gov/medlineplus/ency/article/000680.htm.

3. You must provide the date of vaccination if you have been vaccinated (or are planning to live in USF housing) or check the declination box on the Immunization Health History Form. The date of vaccination must be accompanied by authorized signature or attached documentation.
HEPATITIS B

1. Hepatitis B is a serious liver disease caused by the Hepatitis B virus (HBV) that can lead to chronic liver disease, liver cancer or death. It can be spread through contact with blood or body fluids of an infected person. Fifty percent of people with hepatitis B have no symptoms (but can infect others). Symptoms can include fever, poor appetite, fatigue, joint pain, nausea and vomiting. Some individuals also have yellowing of the skin (jaundice). Seventy five percent of cases occur in individuals between ages 15 and 39. More information about Hepatitis B is available through the following websites:

   http://www.cdc.gov/ncidod/diseases/hepatitis/b/fact.htm

2. You must provide the date of vaccination if you have been vaccinated or check the declination box on the Immunization Health History Form. The date of vaccination must be accompanied by authorized signature or attached documentation.

Please note: All females should be aware that they should not be vaccinated if there is any possibility of pregnancy.

If a student has no documentation of any doses of measles vaccine, vaccine should be given at the time of entry and the second dose no less than 28 days later. It is recommended that both doses of measles vaccine be given as a combined measles/mumps/rubella (MMR) vaccine. The documented date of immunization for both measles and rubella should indicate the day, month, and year. However, only month and year will suffice if the month and year indicate that the immunization was given at least 13 months after the month of birth.

Temporary Medical Exemptions must be submitted by the attending physician and must include the reason for and the duration of the exemption.

Religious Exemption applications are available from Student Health Services at (813) 974-4056. Immunizations and blood tests are available at USF Student Health Services on the Tampa Campus. Contact (813) 974-4056 for information. Contact regional campuses for their immunization clinics information.

Off-Campus Temporary Exemptions

Students registered only for off-campus courses in the following categories are temporarily exempt from the immunization and medical history requirement: Off-Campus courses, Distance Learning courses, FEEDS Program, Community Initiative Program, Cooperative Education Training periods, Off-Campus Standard Calendar Credit Courses and Off-Campus Alternative Calendar Credit Courses. If concurrently registering (or adding) courses in other categories, a signed medical history and proof of immunity or an approved medical or religion exemption must be on file.

**Parking and Transportation Services**

**Do I have to have a parking permit?**

Parking permits are required to park at the University of South Florida, 24 hours a day, seven days a week, including holidays. Permit types are used to designate parking locations on campus. Please match the “letter” designation on the permit with the “letter” designation on the parking lot sign. (Ex: a non-resident student permit will have the letter “S”). Each person may purchase only one vehicle permit (an additional permit for motorcycle, and/or a bicycle is allowed). Permit campus designation is based on campus/class location. **Permits shall be purchased for the campus of primary assignment.** If you do not have a permit, you must park at a metered parking space or a timed space. For additional permit information, visit [www.usf.edu/parking_services](http://www.usf.edu/parking_services) or call (813) 974-3990, Option #1.

**How do I obtain a permit?**

Visit the Parking & Transportation Services Web site, [www.usf.edu/parking_services](http://www.usf.edu/parking_services). Establish a parking services account and purchase your permit online. Once you have established a parking account as a student, you can access it directly through OASIS. You may either pick up your permit at the Parking Services Building’s express pickup window or have it mailed to your home address. Parking permits also may be purchased in person at the following locations:

**What happens if I get a parking ticket?**

Parking regulations are designed to provide safe and orderly parking. Violation of these regulations can result in parking citations, immobilization of your vehicle, towing or loss of parking privileges. Creating, modifying or altering a parking permit or being in possession of a lost or stolen permit is a serious violation and will result in immediate immobilization or towing of the vehicle and possible revocation of campus parking privileges. If you receive a parking citation and believe that extraordinary or mitigating circumstances warrant a waiver, then you may petition Parking and Transportation Services within 14 days for reconsideration. Respond to parking citations within 14 days of issuance to avoid late fees. The most common citations are for no valid permit, expired parking meter and parking out of assigned area. To appeal a parking citation, visit our Web site, www.usf.edu/parking_services, and file your appeal online. Any failure to respond to parking citations will result in collection agency efforts and additional cost.

**How can I get help if I have a problem with my vehicle?**

Keys locked in your car? Need to jump start your car? Low Tires? Call Parking and Transportation Services’ Motorist Assistance Program (M.A.P.) at (813) 974-3990, Option #5.
